

Safety Policy Statement

Safety plays a very important role in our lives. It is our objective to efficiently achieve our targets without compromising on safety aspects of our personnel, equipment, environment, as well as the community.

A good and effective safety program will improve our overall performance of all activities as well as eliminating hazards. Safety is an integral part of our daily activities and requires strict adherence to the following principles:

- Ensure that every employee has received efficient training and familiarized himself with safety rules.
- Primary responsibility of each employee is to work safely, go home safely, and make sincere efforts to reach zero harm and zero incident.
- Safety takes precedence over expediency and shortcuts.
- Safety is accepted as an individual responsibility and each person shall think, plan and perform his work with safety as the utmost consideration.

We serve professionally, that includes performing all tasks in a way that protects lives and assets.
